## Single-fibre Port Cleaner

1.25 mm connectors

### CORNING

Corning Cable Systems Single-Fibre Port Cleaners are designed to clean connector end faces in patch panels and adapters. An integrated dust cap allows for cleaning unmated connector end faces. Single-fibre port cleaners are proven effective for removing the following from connector end faces: skin oil, hand lotion, Arizona road dust, pre- and post-mate graphite, salt, isopropyl alcohol residue and distilled water residue. These cleaners are easy to use and offer over 525 cleanings.

### **Features and Benefits**

#### Cleaning system rotates 180 degrees

Provides a full cleaning of the connector end face

Extendable tip Allows for cleaning in hard-to-reach spaces

**Cleaning fibres dissipate static** Addresses any electrostatic discharge (ESD) concerns

Numerous engagements Offers over 525 cleanings
