

Patch Panels 19" Black 0.5U

CORNING

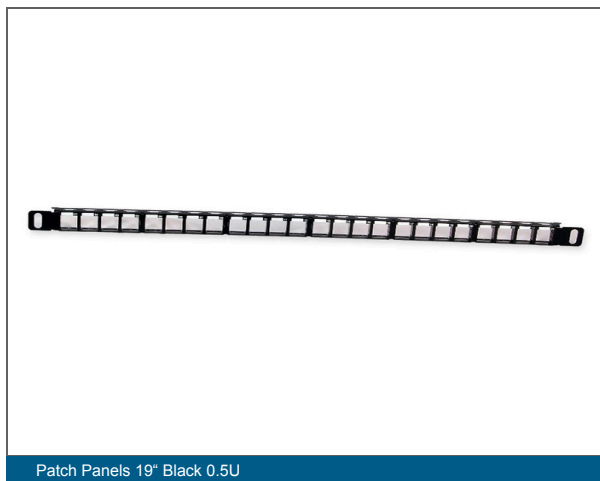

Part Number:
MAXZAV-02408-V001

The patch panel is universally applicable for all 19-in racks and LAN-cabinets. This allows the free user-specific configuration of building and floor distributors.

This 24 Port 0.5U High Density Patch Panel delivers a high density offering with the benefit of a single row of 24 modules. As the panel is only 0.5U in height it allows, by using two panels together, the ability to present 48 modules in 1U of rack space. It will be supplied with cable management bar.

The panel is compatible with Corning's tool less one click UTP Cat 6A Jacks.

Particularly to emphasize is the simple and fast installation and clicking of the modules into the patch panel.
